

QUALITY POLICY STATEMENT

EGR is a worldwide leader in the international arena of customized plastic automotive accessories and its Quality Management System reflects its global operations. The Quality Management System covers all business activities, from initial inception, design, manufacturing and final delivery of products to the end user.

EGR is committed to its customers and to continuous improvement in all its endeavors. EGR's objective is to exceed customer expectations, and to that end our goal is to become the number one global supplier to the automotive industry.

An integral part of EGR's successful business philosophy is a dedication to continuous improvement that is reflected in our business plan.

EGR operates within a defined organisational structure that assigns responsibilities, executes activities and applies resources in line with the requirements of International Standard ISO 9001 and Automotive Technical Specification ISO/TS 16949.
